

Addendum 4 to the Babeş-Bolyai University Regulation for organizing and conducting doctoral studies

Online public oral presentations procedure

1. The delivery of the oral presentations (Research project or Scientific research report) pertaining to the individual study plan of the doctoral student can be done online.
2. The doctoral thesis supervisor, the doctoral student and the guidance committee must attend the delivery of the oral presentations.
3. Delivery of oral presentations in front of the guidance committee can be carried online via Skype, Zoom Video Conference or other online video conference systems. The oral presentation will be recorded, and the recording will be included in the doctoral student's file submitted at the secretariat of the doctoral school. The related report will be signed, scanned, and emailed by the doctoral supervisor and all the members of the guidance committee and forwarded by the doctoral supervisor to the secretariat of the corresponding doctoral school.
